## Key campaigns and organisations across the migration and refugee sector

This resource maps out the **key campaigns and policy areas** of the refugee and migration sector. The issues the sector works on are vast and overlapping. To make this resource as user friendly as possible, work has been mapped across three themes, each containing core areas with their respective campaigns and the groups in the sector working on them. The three key themes drawn out are <u>dignity</u> for those in the immigration system, the right to <u>seek safety</u>, and <u>migrants in the UK</u>.

Do you have a campaign or belong to an organisation you would like to see added to this resource map? Please email <a href="mailto:esther.raffell@imix.org.uk">esther.raffell@imix.org.uk</a> and we will make sure you are accessible to our networks.
